

## **Focus Group Opportunity for Direct Care Workers!**

PHI is seeking direct care workers to participate in a focus group about their job experiences, challenges, and ideas for improvement. PHI is a Bronx-based non-profit organization that is committed to advancing quality direct care jobs as the foundation of quality care for older adults and people with disabilities. If you are a personal care aide, home health aide, or nursing assistant working in any long-term care setting (private home, assisted living, nursing home, etc.), PHI would like to hear from you!

Participants will have the opportunity to take part in one of two virtual focus groups on April 26th and 27th. The total time commitment for participation is one hour. If you choose to participate, you will remain anonymous—the conversation will be recorded and saved to a secure server that only PHI can access, and your name and identity will not be shared in any way. All focus group participants will receive a \$25 gift card in gratitude for their contribution. If you are a direct care worker and you are interested in joining this conversation, or if you have any questions, please contact Hannah Diamond, PHI's State Policy Advocacy Specialist: [hdiamond@PHInational.org](mailto:hdiamond@PHInational.org) or 718-928-2048 by April 6th.
